

SIEM

Wel of niet nuttig of slimmer

7 februari 2019 – Van der Valk Utrecht

Huishoudelijke Mededelingen

Uw telefoon op stil (flightmode)

Uw evaluatie graag aanleveren via de QR-code

Uw badge aan het eind inleveren

Registratie bij binnenkomst en na afloop (voor o.a. (C)PE punten)

Volgende bijeenkomst: 12 maart 'Hoe blijf ik goed in mijn vak'

Platform voor
InformatieBeveiliging

Agenda

- 18:00 Ontvangst met broodjes
- 19:00 Opening door de dagvoorzitter
- 19:10 Roeland Braam, de valkuilen en best practices van SIEM
- 19:55 Pauze
- 20:25 Rob van Os, Volksbank, het MaGMA model
- 21:10 Paneldiscussie, SIEM wel of niet nuttig of slimmer o.l.v. Hans Teffer
m.m.v. Roeland Braam, Rob van Os, Ernst Mellink en Marc de Groot
- 21:30 Afsluiting en borrel

Waarom een SIEM?

SIEM Taken

- Log management
- Logfile analyse
- Analyses op netwerk informatie

SIEM Nuttig?

➤ Helaas vaak niet!

SIEM Nuttig?

➤ Helaas vaak niet!

➤ Waarom?

SIEM Nuttig?

- Helaas vaak niet!
- Waarom?
- Out of the box functionaliteit, het moet slimmer!

SIEM Slimmer?

- Informatie beveiligingsbeleid is nodig !

SIEM Slimmer?

- Informatie beveiligingsbeleid is nodig !
- SIEM moet beleid ondersteunen

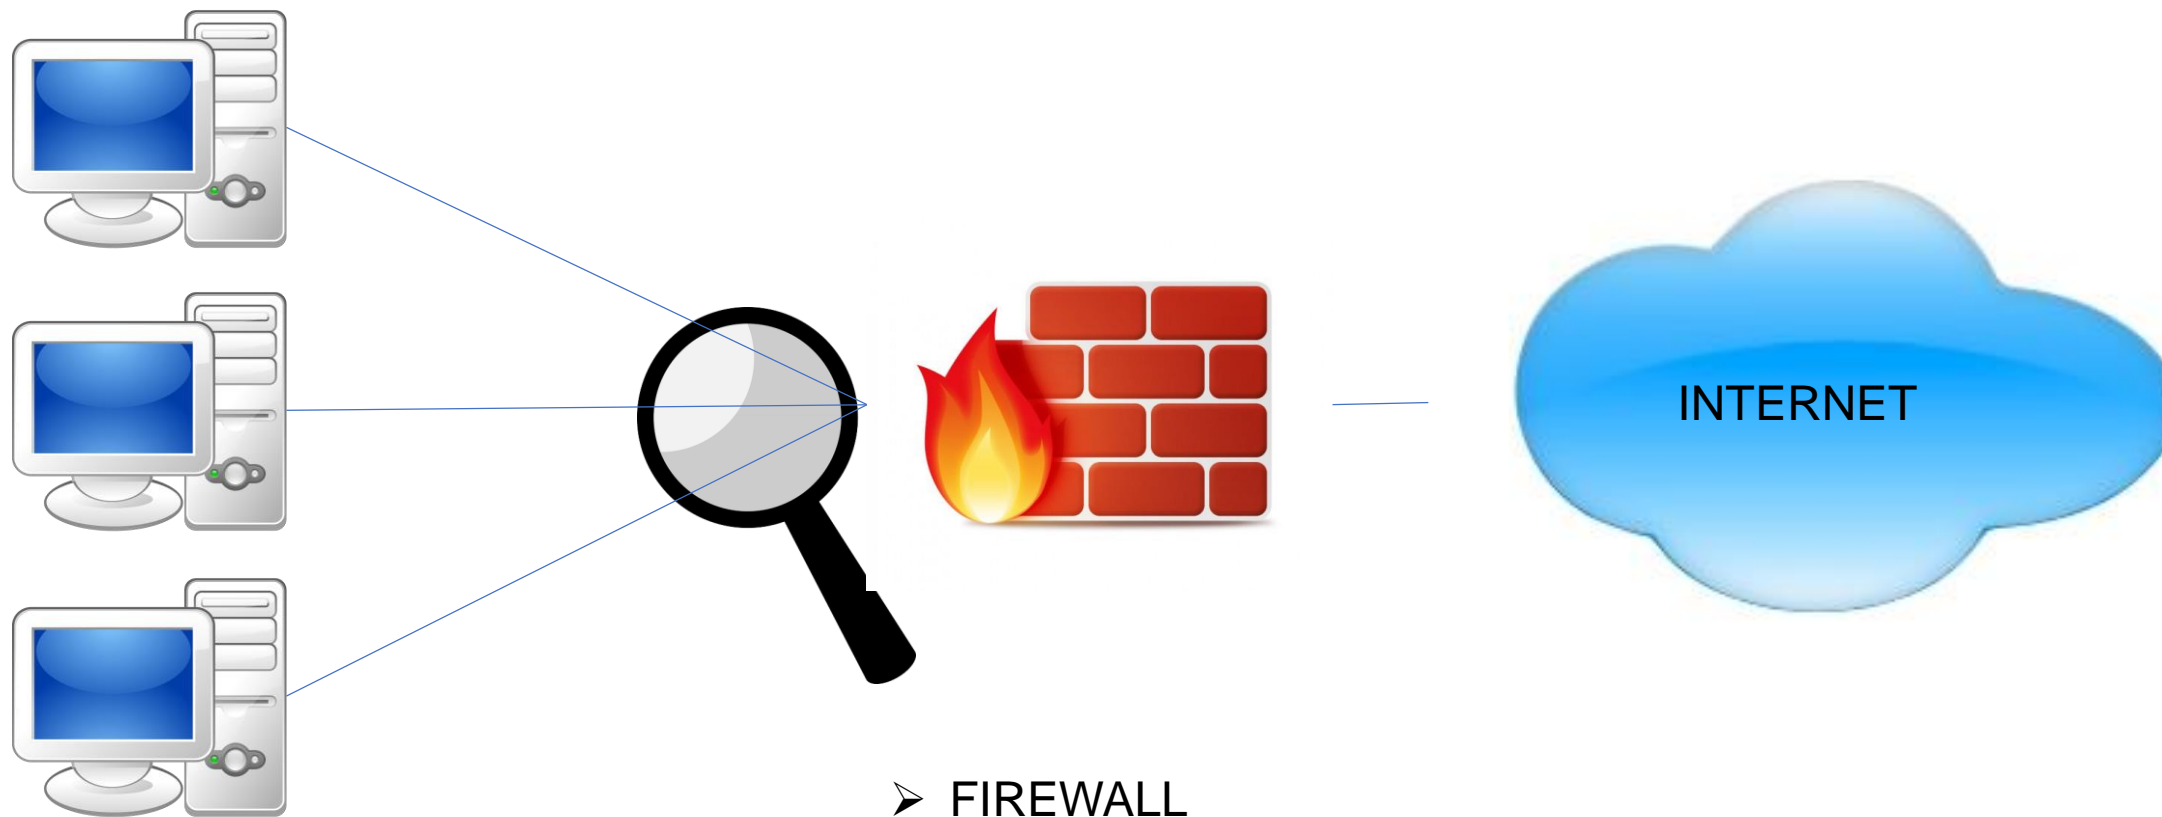

SIEM Slimmer?

- Informatie beveiligingsbeleid is nodig !
- SIEM moet beleid ondersteunen
- Wat ga je monitoren?

SIEM Slimmer?

- Informatie beveiligingsbeleid is nodig !
- SIEM moet beleid ondersteunen
- Wat ga je monitoren?
- Configuration Management Database

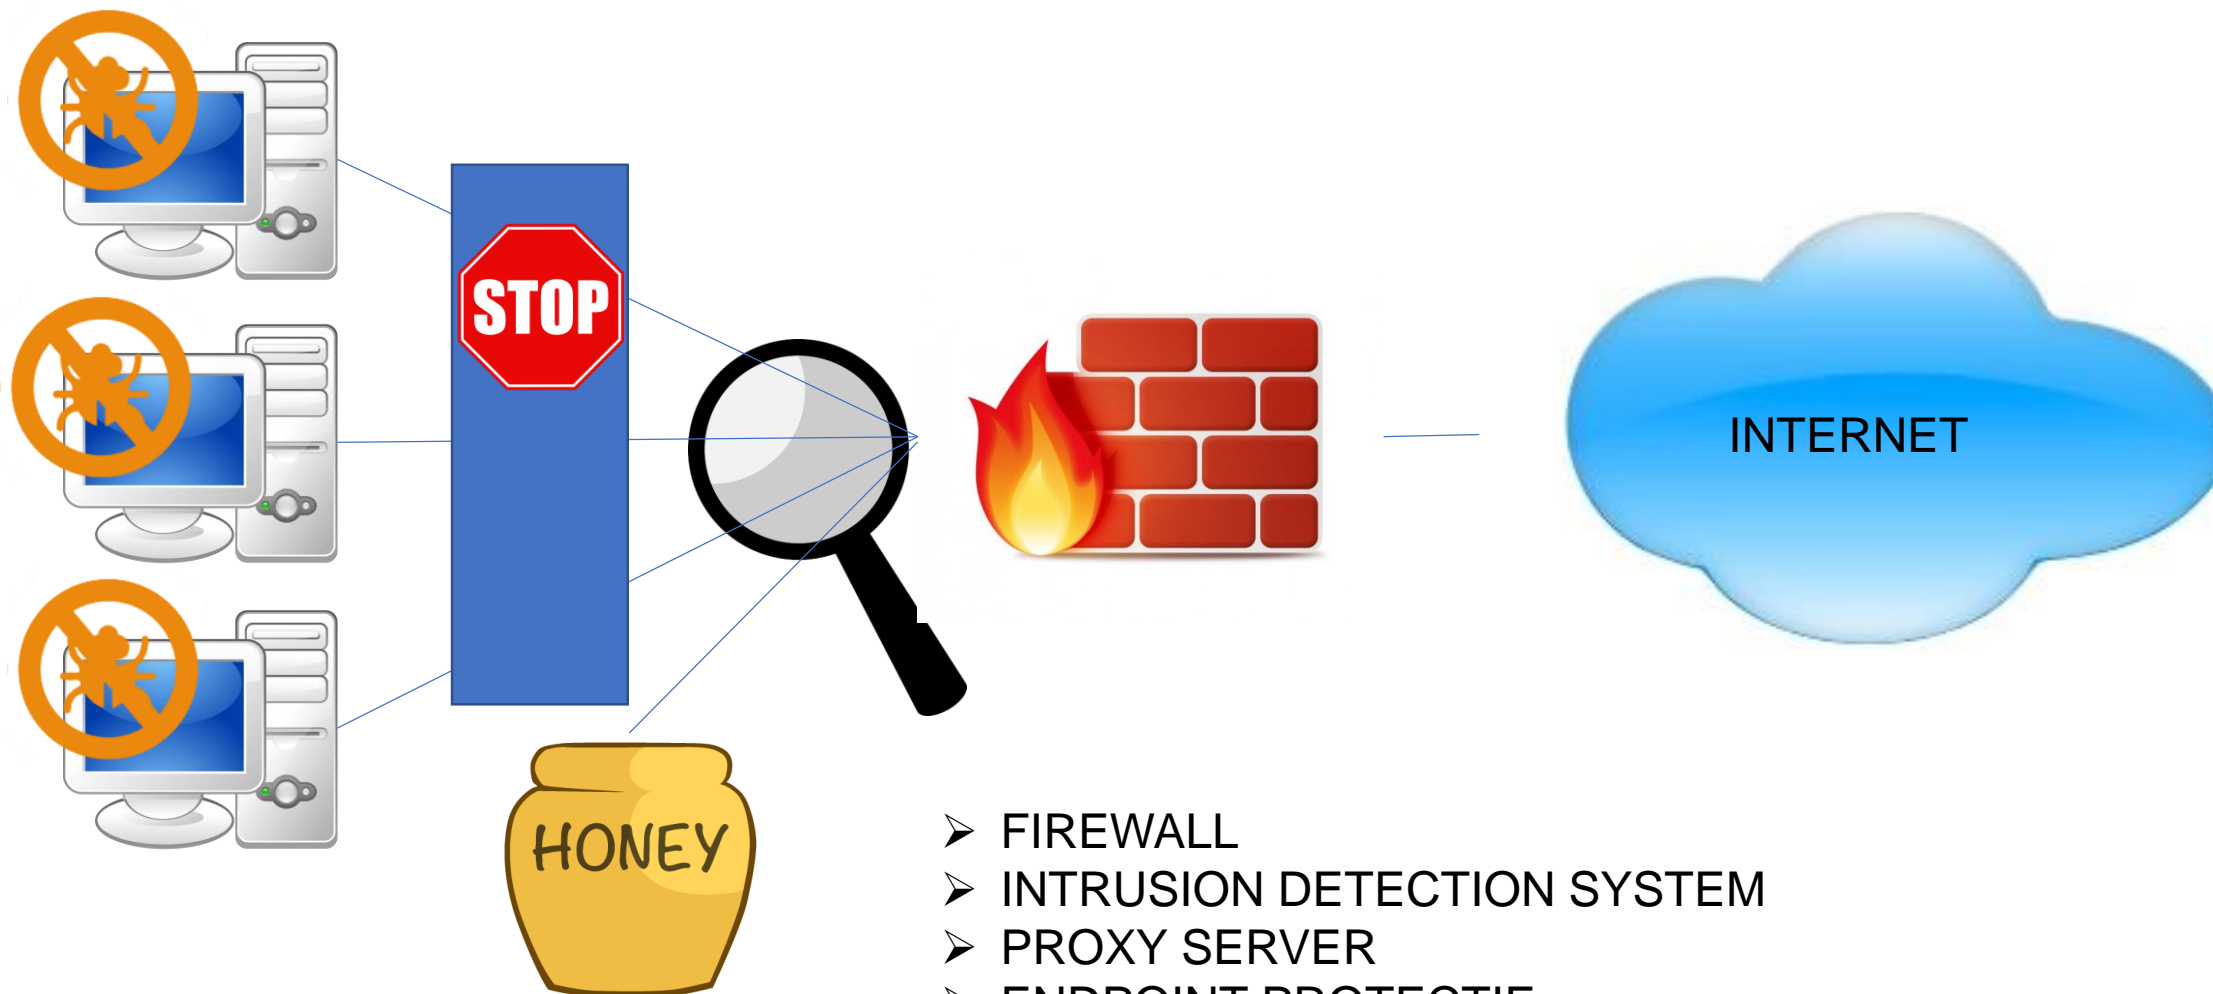

- FIREWALL
- INTRUSION DETECTION SYSTEM

- FIREWALL
- INTRUSION DETECTION SYSTEM
- PROXY SERVER

- FIREWALL
- INTRUSION DETECTION SYSTEM
- PROXY SERVER
- ENDPOINT PROTECTIE
- HONEY POT

- FIREWALL

- PROXY SERVER
- ENDPOINT PROTECTIE
- HONEY POT
- SIEM

De Praktijk

- Veel false positives

De Praktijk

- Veel false positives
- Verlagen marges van detectie

De Praktijk

- Veel false positives
- Verlagen marges van detectie
- Intelligente malware / Zero day exploits

De Praktijk

- Veel false positives
- Verlagen marges van detectie
- Intelligente malware / Zero day exploits
- Management : Waarom hebben we een SIEM!

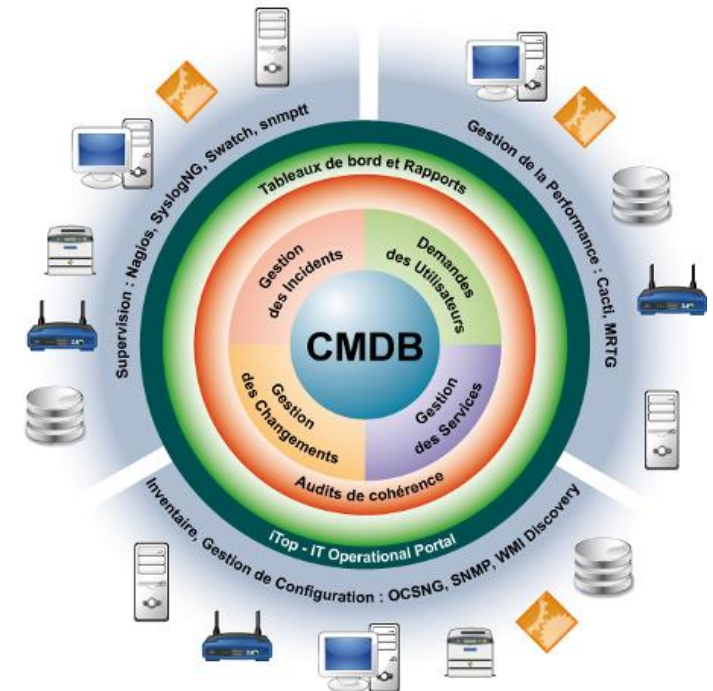

Welke aanpak?

- Risico inventarisatie

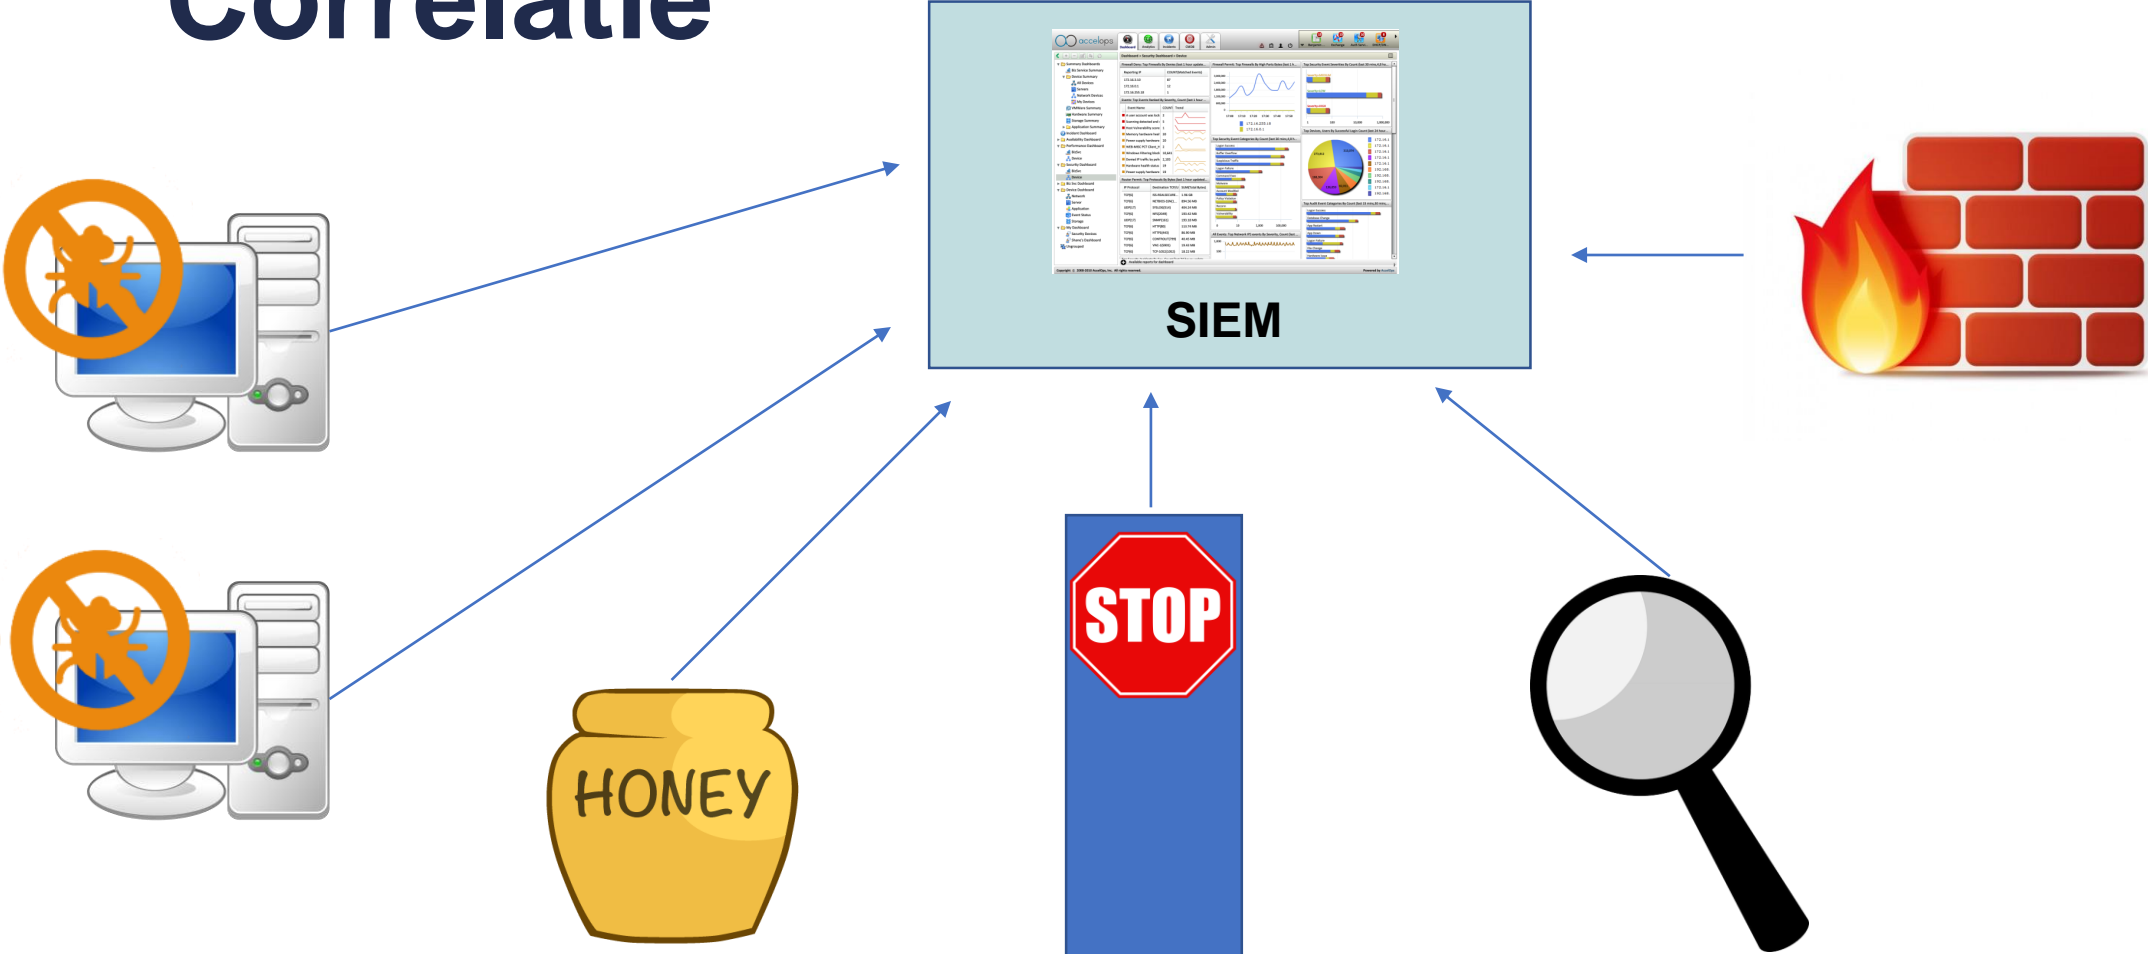

Welke aanpak?

- Risico inventarisatie
- Inventarisatie infrastructuur
