

# Use cases

-

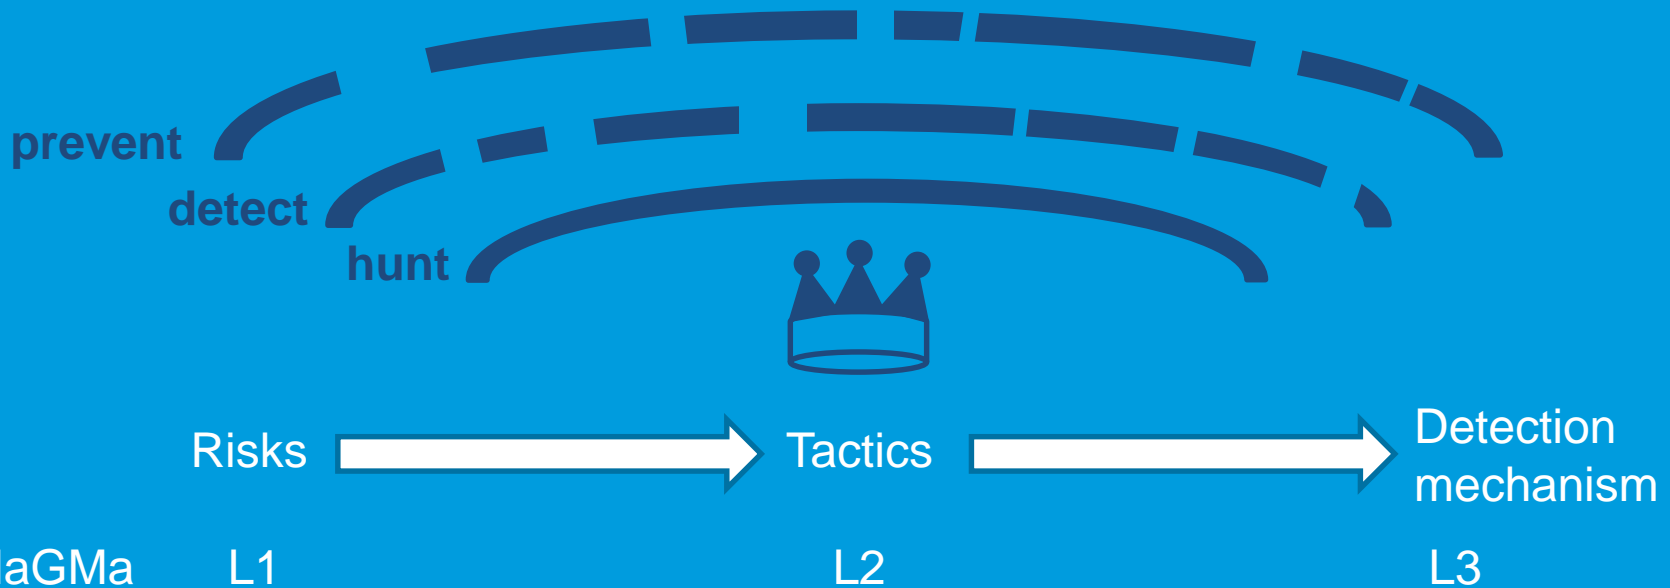

De fundering van security monitoring

# The 7 habits of highly effective ~~people~~

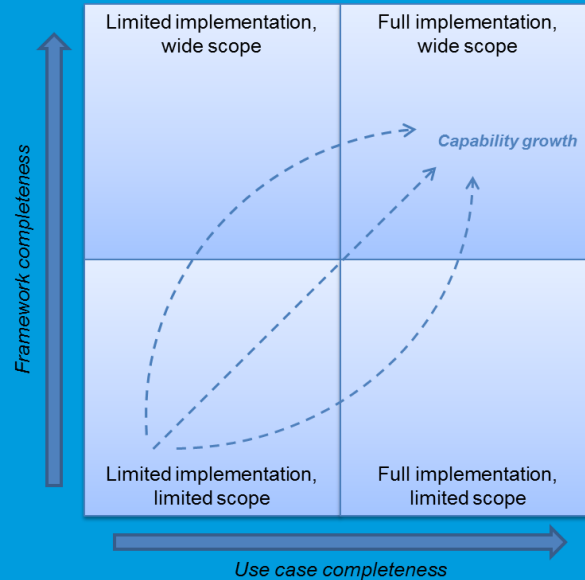

Security monitoring  
deployments

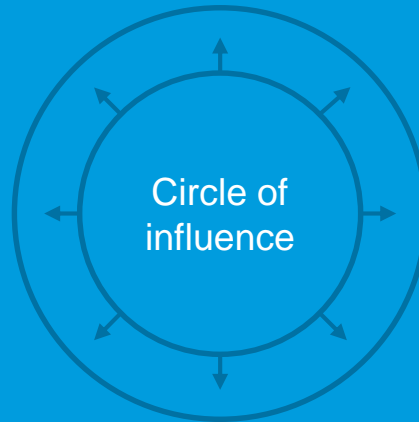

## Begin with the end in mind

## Put first things first

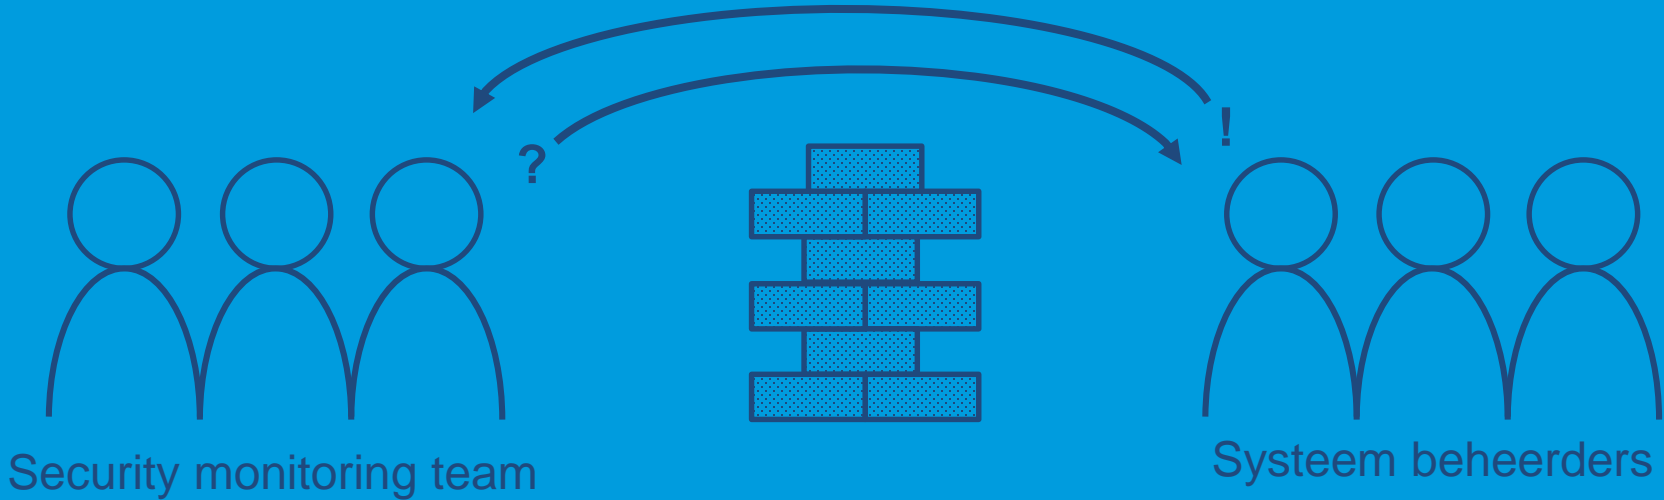

## Be proactive

Circle of concern

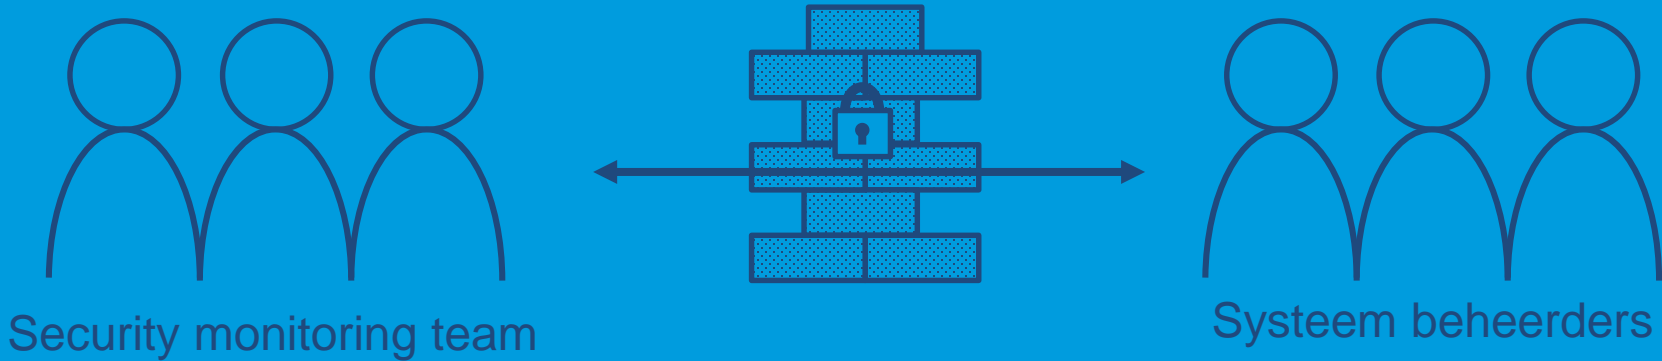

# Interdependence

## Think win-win

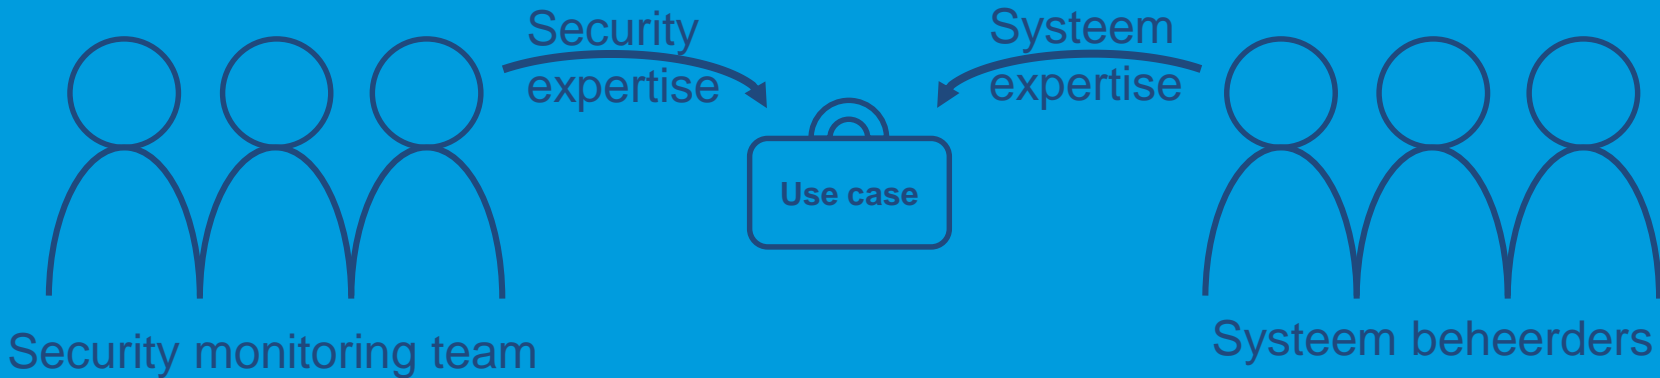

# Interdependence

Seek first to understand,  
then to be understood

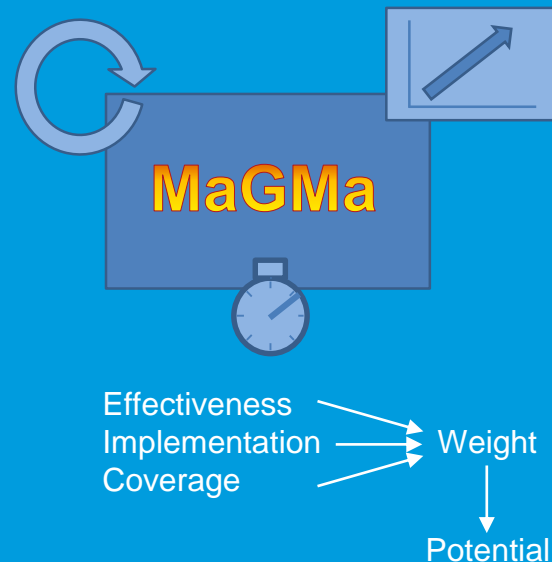

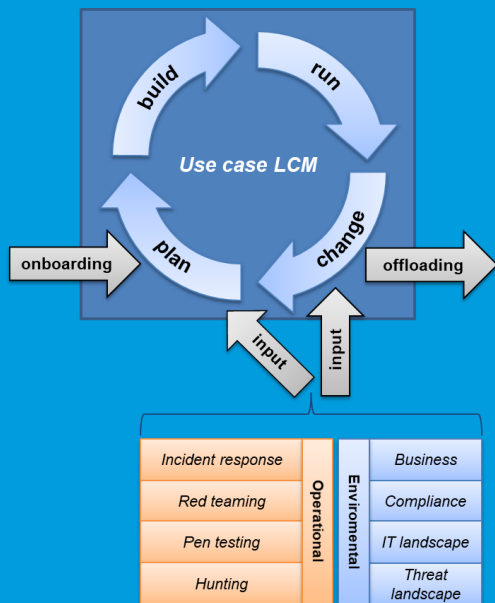

## Synergize!

## Sharpen the Saw

# MaGMa

Use case framework

# Vragen?
